## COLLECTING ODD OVERCOATS HIS FAD WHEN DRUNK

**White Haired Man Says He  
Can't Resist Appeal of  
Top Garment.**

**Picks One Up in Lobby of  
the Palmer House.**

**HE IS A PAROLED PRISONER.**

Possessed of a mania for stealing overcoats, Sam Howard, 60 years old, was arrested this morning by Patrolman E. C. Carter for stealing an overcoat from the Palmer House early this morning. It was a feather in the cap for the police department, as in the arrest of Howard it is believed that they have the man, who is responsible for several overcoats that have been stolen recently. Howard readily admitted his guilt.

Early this morning S. M. Hiller, of Louisville, placed his overcoat with his baggage in the lobby of the Palmer House preparatory to leaving on the early morning train for Louisville. In a few minutes Howard walked through the lobby, and, spying the overcoat, he picked it up and walked out with it. In a few minutes the coat was missed, but the act was so bold that nobody realized that Howard was stealing the coat. The theft was reported to the police. The night patrolmen were unable to find a man answering the description of Howard.

This morning about 7:30 o'clock Chief of Police Singery received a tip that a man with a black overcoat was in the vicinity of Eleventh street and Broadway. He detailed Patrolman Carter, and in less than 10 minutes Howard was under arrest. When taken to the police station Howard said he took the overcoat from the Palmer House.

From appearances he has been on a spree and talked freely to the police. He told Chief Singery that he was sent to the Illinois state penitentiary from Cairo for arson, but last August was paroled. Now he wants to return to the prison, as he says he does not feel like a free man. Chief Singery sent a telegram to the warden at the penitentiary at Chester, Ill., informing him of the arrest.

Howard is known to the police. When drinking he seems to have a mania for stealing overcoats. Police Captain Frank Harlan remembers of arresting him many years ago for stealing an overcoat. Last week an overcoat was stolen from Perron's restaurant and the description of the man suspected given by the proprietor of the restaurant fits Howard. The police believe he is the man.

Howard has a gray mustache and his hair is gray. He says he is 60 years old. It is said that he came here from Murray many years ago, and at one time was in good circumstances. His appetite for strong drink caused his downfall, and since he has been wandering around over the country.

He was fined \$1 and costs in police court this morning on the charge of drunkenness. He will be held until the Illinois officials are heard from. The theft of the overcoat from Perron's restaurant will be investigated, as it is believed that he has sold the overcoat. The overcoat stolen from Mr. Hiller was sent to him today in Louisville and it is not known whether he will prosecute the case.

### Telegram Received.

Chief Singery received a telegram this afternoon from Chester, Ill. The name of Howard was construed as Sam Howard White in the telegram, and the warden wired that the man probably was Sam Howard. He said he had mailed a photograph, but did not give any advice to hold the prisoner.

### Kicked to Death By Colt.

Nashville, Tenn., Feb. 4.—Near Lewisburg, this week, William Endley, 12 years old, was kicked by a colt and instantly killed.

## OLLIE JAMES WILL NOT HAVE ANY OPPOSITION

It is certain that Congressman Ollie M. James will be declared the Democratic nominee for the First congressional district to the Sixty-second congress. All prospective candidates must enter the primary by February 18 or our Ollie will be declared the nominee of the Democratic party without a primary, which was set for March 5. No opposition has arisen to the re-nomination of Congressman James, and it is certain that the congressional committee will meet in Paducah this month, and declare him the nominee of the party.

## Ballinger-Pinchot Hearing is Postponed Until Secretary Can Bring Counsel Before Committee

**Delay Granted at Session  
This Morning at His Re-  
quest---German Tariff  
Agreement is Completed.**

Washington, Feb. 4.—When the Ballinger-Pinchot investigating committee met this morning it went immediately into executive session to determine the course of the day's proceedings.

According to an announcement from the white house this afternoon, the Ballinger end of the inquiry will be hereafter represented by John J. Vertrees, a prominent Democratic lawyer of Tennessee, and Carl Rasch, former district attorney of Montana. Vertrees arrived today and is now in conference with Secretary Ballinger. He was introduced by his friend, Secretary Dickinson. Rasch is now speeding to Washington from the far west. Secretary Ballinger announced this afternoon he won't make a public statement, as he intended. He said he will not discuss it until he is on the stand under oath.

Acting upon a receipt of a letter from Secretary of the Interior Ballinger, in which he said he wished time in which to arrange for counsel, the Ballinger-Pinchot investigating committee today, after an hour's executive session, adjourned, not to meet again until next Friday.

Rasch was selected because of his wide knowledge of the land laws and because of his wider experience in such cases. He was hurriedly summoned by telegram last night. Secretary Ballinger did not stay at the white house for today's regular cabinet meeting, but left with Vertrees, who is his own personal counsel, to consult with other interior department officials.

### Stokes Is Surgeon General.

Washington, Feb. 4.—The president today sent to the senate the nomination of Charles T. Stokes to be surgeon-general of the navy. Stokes is now assistant surgeon-general. The president signed the order retiring Surgeon-General Rixey today.

### Berth For Peary.

Washington, Feb. 4.—A bill was introduced in the senate by Senator Hale of Maine, authorizing the president to appoint Commander Peary, discoverer of the north pole, rear admiral in the navy in place him on the retired list.

### "NOBLE" HEIR JAILED.

Claimed to Be Descendant of Sir Francis Drake.

New York, Feb. 4.—Sydney M. Drake, an elderly farmer of Huntersville, Minn., who claimed to be a descendant of Sir Francis Drake and a heir to an estate of \$200,000,000, was arrested today at the Times Square postoffice on the charge of using the mail in a scheme to defraud others who believed themselves heirs of the famous British admiral. Drake was held in \$3,000 bail for examination.

## Chicago Method of Touching a Friend

Chicago, Feb. 4.—"The man who has known you since you were boys together and wants to make a small touch," appeared in a new guise in Chicago last night. This time he was behind a black mask flourishing a shooting iron. Mr. I. B. Chamberlain reported him to the police today. He says a man waited in his office and when he appeared held him up at the point of a revolver. "I want \$50 and if you don't get it I will shoot to kill," he remarked. "I am doing this because my wife and children need money. I'll pay it back July 1, if you don't report me to the police. I am an old friend of yours and have known you since we were boys together." Then he took \$50, calling attention to the fact that he took no more and left a watch and diamond.

### Republican Leader Denies.

Albany, N. Y., Feb. 4.—J. P. Ald, Republican leader in the senate today filed with the clerk of the senate a general denial of the charge by Senator Ben Conger that he accepted \$10,000 for influencing legislation while majority leader of the assembly.

### AFTER RECORD.

New York, Feb. 4.—James P. Coffroth, who has bet Eugene Corri \$15,000 he will create a new record from London to San Francisco, arrived here today aboard the Mauretania. He expects to arrive in San Francisco before midnight on February 8, and he leaves overland this afternoon. While abroad he matched Jim Driscoll and Abe Attell to fight in California and is on his way there to arrange the date.

## DETECTIVES

### FORMER CHIEF COLLINS AND CAPTAIN MOORE UNITE.

Former Chief of Police James Collins can not keep out of the game. Now he and Detective T. J. Moore have formed a partnership and are preparing to open a private detective agency in the city. They have rented an office in the rear of the sheriff's office on South Fourth street, and are having it remodeled. They announce that they will take only private work and in no way will interfere or hinder the police department in its work.

The new firm will co-operate with detective agencies on a circuit comprising all the cities in this vicinity. Besides they will work in connection with the Pinkerton agency. In Paducah there is a splendid field for a private detective agency, and there is no doubt that the two sleuths will make it a success. The new firm will bear the name of Collins & Moore.

Chief Collins is well known to everybody in Paducah. When he retired as chief of police last month he had an offer from the Pinkerton agency to open a branch office in the city, but he declined. He wanted to take a rest, but the call of police work has been too strong and he yielded. Mr. Moore has been connected with the Paducah police force as detective and lieutenant, but for the last eighteen months has done private detective work. He built up a business that was larger than he could care for himself, and it resulted in the new firm being organized.

Former Chief Collins said: "I want it understood that this firm will not interfere or conflict with the work of the police department. We will do the work of a private detective agency, and believe there is a good field open to us."

### Mutual Telephone System.

Nashville, Tenn., Feb. 4.—The Home Telephone company has been organized at Woodbury, and will have connection with independent exchanges in a number of towns. The company is to be strictly mutual, no boxes being rented.

### Charge Wife Murder.

Charlotte, N. C., Feb. 4.—Charged with the murder of his wife in Dunter, Ala., W. M. Prince was arrested here and is being held awaiting arrival of Alabama officers. The arrest was made as a result of a telegram from the sheriff of Houston county.

### Boston Broker Convicted.

Cambridge, Mass., Feb. 4.—Guilty of larceny and uttering a forged note was the verdict rendered by the jury in the case of Charles S. Cummings, a Boston broker, who was tried in the Middlesex county superior court at East Cambridge in connection with the forged notes of the town of Framingham.

## METEOR STRIKES EARTH AT QUINCY

### ROAR AND QUAKE AWAKENS MANY PEOPLE IN VICINITY.

Chicago, Ill., Feb. 4.—Despatches from Quincy, Ill., and from towns across the river in Iowa, report an explosion near there, supposed to be caused by a meteor, which fell from the sky shortly before daybreak today. The phenomenon was followed by a violent trembling of the earth, lasting from five to ten seconds. Persons at Quincy, who were awake at that time, declared they saw a brilliant light in the sky soon followed by a loud roar and trembling of the earth. The shock was so violent that buildings were shaken and sleeping persons awakened.

## CITY BONDS WILL BE PURCHASED OR REDEEMED AS DUE

**Sinking Fund Commissioners  
Vote to Go in Market  
For Them.**

**How Full Amount of Fund is  
Apportioned.**

### TO THE OUTSTANDING ISSUES

Redemption of city bonds will begin immediately. The sinking fund commissioners, consisting of Mayor James P. Smith, President Ed Hannan, of the board of aldermen, and President Al Foreman, of the board of councilmen, met and decided to redeem and buy up the outstanding bonds to the extent of the sinking fund as fast as possible. Two of the P. T. A. bonds, of the \$100,000 issue January 1, 1901, valued at \$2,000, were secured at par. One Paducah and Mayfield gravel road issue of \$1,600 fell due last July, and another issue of \$800 will be due next July.

Including the \$8,000 apportioned to the sinking fund this year the city has \$62,485.42 with which to retire bonds. The city will have to go into the market for most of them.

The sinking fund is apportioned to the different bond issues as follows:

N. O. & O. issue of \$45,000, due August 1, 1928, \$8,884.84.  
C. O. & R. bonds of \$20,000, due June 2, 1924, \$1,242.88.  
P. T. & A. issue of \$100,000, due January 1, 1920, \$16,035.48.  
N. O. & O. issue of \$60,000, due July, 1926, \$5,785.18.  
P. & M. road issue of \$1,600, due July 1, 1909, \$247.95.  
P. & M. road issue of \$800, due July 1, 1910, \$121.35.  
P. & M. road issue of \$1,600, due January 10, 1914, \$219.82.  
C. St. L. & P. issue of \$100,000, due December 1, 1918, \$17,629.78.  
Street issue of \$150,000, due August 1, 1924, \$8,469.82.  
Hospital issue of \$25,000, due August 1, 1924, \$1,419.16.  
Market issue of \$25,000, due August 1, 1924, \$1,419.16.  
Money From Railroads.  
City Treasurer George Walters today received checks from the Illinois Central and the Nashville, Chattanooga & St. Louis railroads in payment of the franchise and ad valorem tax. The Illinois Central sent a check for \$5,959.59, while the N. C. & St. L. paid \$911.

### Hospital Board

Riverside hospital board at a meeting today decided to accept the \$2,500, bequeathed by the late William Bornemann, provided the city will use the sum for a charity ward at the hospital, in accordance with the terms of the will, appropriate \$125 annually as an income from the money for 50 years and indemnify the trustees against any liability to the heirs of William Bornemann on account of the bequest. Drs. Horace Rivers and S. B. Pulliam and Alderman Hannan, Councilman Foreman and Mayor Smith were present.

### Memphis, Tenn., Feb. 4.—The Chicago and New Orleans fast mail train, No. 1, on the Illinois Central, was derailed today at Tallehatchie, Miss., 50 miles south of here. Ten persons are reported seriously injured. She was running at 50 miles an hour when the engine struck a defective rail and turned over, derailed the mail, baggage and express cars.

### Paducah People in Pullman Say No One Was Hurt.

Memphis, Tenn., Feb. 4.—The Chicago and New Orleans fast mail train, No. 1, on the Illinois Central, was derailed today at Tallehatchie, Miss., 50 miles south of here. Ten persons are reported seriously injured. She was running at 50 miles an hour when the engine struck a defective rail and turned over, derailed the mail, baggage and express cars.

## Report That Thatcher is to be Governor of Panama Canal Zone Authenticated at White House

**State Inspector Will Get  
Good Government Position  
at \$10,000 a Year and J. C.  
Speight Has No Rival.**

Washington, Feb. 4. (Special.)—The report that M. H. Thatcher, at present state inspector and examiner of Kentucky, will be made a member of the Isthmian canal commission was partially confirmed at the white house today. He will succeed former Senator Jo Blackburn, who resigned several months ago. It is expected that the appointment will be announced in a few days. The appointment of Thatcher as a member of the commission will relieve all doubt of J. C. Speight, of Mayfield, being appointed district attorney to succeed Du Rolle.

### All Bodies Removed

Drakesboro, Ky., Feb. 4. (Special.)—All the bodies have been removed from the Browder coal mine. The last body to be found was Foreman Pete Kelly. State Inspector of Mines C. J. Norwood is making an investigation of the disaster. After a preliminary investigation it is believed that the horror was caused by an explosion of powder, instead of gas as was first suspected.

## SEN. W. V. EATON NOT MOTT'S PAL

**HOWEVER, HE SAYS HE WAS  
NOT SLAPPING AT SER-  
GEANT-AT-ARMS.**

State Senator W. V. Eaton is in the city today, having arrived to spend today and Saturday looking after private business. He will return to Frankfort Sunday. Senator Eaton denied that he and Mott Ayres, sergeant-at-arms of the senate, are on unfriendly terms over a personal matter. Senator Eaton admitted they were not "pals," but stated that his motion to permit the senate to pay certain claims instead of the sergeant-at-arms of the senate had been misunderstood, when Senator Arnett accused him of reflecting on Ayres. He explained that his motion was put simply to settle a controversy, and so that by the senate clerk paying out the money it should be shown who was getting the money and what it was paid out for.

## I. C. TRAIN HAS A SLIGHT WRECK

### PADUCAH PEOPLE IN PULLMAN SAY NO ONE WAS HURT.

Memphis, Tenn., Feb. 4.—The Chicago and New Orleans fast mail train, No. 1, on the Illinois Central, was derailed today at Tallehatchie, Miss., 50 miles south of here. Ten persons are reported seriously injured. She was running at 50 miles an hour when the engine struck a defective rail and turned over, derailed the mail, baggage and express cars.

### LAST OF FARMERS' UNION POOL TO GO

All the tobacco remaining in the pools of the Farmers' Union probably will be sold in a few days. The McCracken, Graves and Carlisle tobacco pools are the only three remaining unsold and it is certain these will be disposed of by next week. The three pools aggregate about 500,000 pounds of the weed, and it is understood that a good price has been offered for the tobacco. The firm negotiating for the tobacco is not given out, but the officials of the Farmers' Union believe that the deal will be made. This will clean up the tobacco pools of the 1909 crop.

## PRIZE FOR LAWNS WILL BE OFFERED BY EVENING SUN

**Prettiest and Second Prettiest  
Yards in Each Ward Will  
Win Money.**

**Park Commissioners Have  
Ordered Trees.**

### BEST VARIETIES FOR CITY.

The Evening Sun will augment the efforts of the board of park commissioners to encourage property owners in improving their property this year, by offering \$45 in prizes for the best looking private lawns in the six wards. The money will be divided into first and second prizes, of \$3 and \$2.50, respectively, for each ward. The award will be made July 1.

The judges, who will inspect the yards of the contestants will consider only the grass plots, not flower beds or trees or shrubbery. Improvement of lawns is the object of this contest.

Those desiring to enter the contest, need only send their names and addresses to the Contest Editor of The Evening Sun, and then try to prepare the prettiest lawns in Paducah. Twelve people in the city will be given prizes, so there is an excellent chance for any one to win, and the size, shape and location of the lot will not figure. All a contestant needs to do is to make the grass grow into a smooth lawn free from debris.

The park commissioners have ordered a large number of trees, which will be distributed to people at actual cost, about 30 cents each. The commissioners have learned what trees are best for this climate and section, and hope that 5,000 trees will be planted in Paducah this year. An effort will be made to interest the school children in planting trees, and Arbor Day this year will be celebrated in an unusual manner.

### ASPHYXIATED IN BALLOON.

**Believed Aeronaut Used Unique  
Method Killing Self.**

San Francisco, Feb. 4.—With his head thrust into the top of a balloon into which a stream of illuminating gas was pouring, C. A. Farrar, aged 30, was found dead today on the roof of the house where he lodged. Farrar was under contract with an amusement hall to send up a balloon every night from the roof of the house. For the last two nights no balloon had appeared. Search today of Farrar's room cleared up the mystery. It is thought he committed suicide.

## LADIES ARE PRESENT AT C. L. U. MEETING

Applications for union store cards have been received from several grocery owners by the Central Labor union. By the placing of the union store card in the stores, it will mean the employment of union clerks, and the sale of union made goods as far as possible. The labor officials expect a number of grocery proprietors to place the union store card on their places of business. For the first time the delegates from the Ladies Label league were present at a meeting of the Central Labor union. The ladies made speeches in which they promised to co-operate with the body in the advancement of the interests of the unions of the city.

## SEINE IS FALLING RAPIDLY AT PARIS

Paris, Feb. 4.—The total fall of the Seine is now nine feet and four inches, and within another week it is expected its stage will be normal, as the fall is becoming more rapid. It is not believed there will be any further destruction of property. The use of disinfectants in Paris to prevent disease has become so general that the odor of lime and carbolic acid now permeates the entire city.

The July monument in the Place de la Bastille, under which labored the heroes of the fall of the bastille, was closed today to the public, owing to the fact that some stones sealing the tombs under the monument have been loosened by the water that surrounded the column when the flood was at its height. The flood situation is showing a general improvement. The care of a thousand homeless and destitute and the fight against disease is the biggest problems confronting the municipal authorities.

## FARMERS' UNION FOR PARCEL POST

**DELEGATES AT WASHINGTON  
HOPE FOR SUCCESS FIGHT-  
ING FUTURE DEALS.**

Encouraging reports have been received from the national legislative committee of the Farmers' Union, which is in Washington during the session of congress. The committee is pushing two bills and is hopeful of having them passed at this session. One bill is the parcel post to improve the mail service to the farmer. By the second bill the union anticipates to prohibit future dealings on products handled by the Farmers' Union. Recently a caucus was held and ten Republican and fourteen Democratic congressmen pledged their support to the bills. Congressman Ollie M. James is one of the congressmen that has promised the committee he will give the bills his support.

## CHAMPAGNE SPRAY FOLLOWS PARADE

**MONUS REVELLERS CHRISTEN  
MARDI GRAS FROM RUB-  
BER-NECK CAR.**

New Orleans, Feb. 4.—The biggest crowd since 1850 is attending the Mardi Gras. The crowd is so big that hundreds sleep in the parks last night. Tonight it is announced that sleeping quarters will be provided for every one. The Monus parade, that formally opens the carnival, attracted considerable attention. Sight seeing autos were filled with tourists, most of whom were from New York, followed the parade and sprayed the crowd along Canal street with champagne.

## STEAMER KENTUCKY REPORTED SINKING

Charleston, S. C., Feb. 4.—The local wireless station here today picked up a message from the steamer Kentucky of the Alaska-Pacific Transportation company, which is on her maiden voyage from New York to the North Pacific coast, declaring she had sprung a leak from some unknown cause and was sinking. At the time she reported she was in latitude 22.18; longitude 75.42. The Alamo, of the Mallory line, reported she had heard the message and would go to the assistance of the Kentucky.

## ESTRADA'S FORCE NEAR TO MANAGUA

**CITY IS IN PANIC OF FEAR AS  
REVOLUTIONISTS APPROACH  
THE PLACE.**

Washington, Feb. 4.—The city of Managua is in a state bordering on panic over the approach of the insurgent forces under Estrada, according to advices received at the state department today from Consul Olivares. It is reported there that Estrada has taken the town of Boaco after two hours' fighting and that Madriz forces have been put to rout in that vicinity. The town is only 60 miles from Managua, and it is expected the insurgent forces will soon close in upon the capital.

### BEVERIDGE CONTROLS.

### Senator's Friends Committeemen in Indiana.

Indianapolis, Ind., Feb. 3.—The Republicans of Indiana elected thirteen district chairmen, who will compose the new state central committee. The only contests were in the Fourth and Eighth districts. In the Fourth Jacob Bauer, of Lawrenceburg, and Albert E. Tripp, of North Vernon, were contestants, and Bauer won. In the sessions of twelve of today's conventions resolutions endorsing the policies of President Taft and lauding the work of Senator Albert J. Beveridge and urging his re-election were adopted. At Ft. Wayne, when a delegate offered a resolution endorsing Senator Beveridge for the presidency the convention went wild with enthusiasm and the motion went through like a tornado.

## DR. WILEY GIVES PUBLIC ADVICE

WARNS PEOPLE NOT TO BECOME FOOD FADDISTS.

Tells Folks What to Eat and Combinations That Are Most Helpful

ARE BUILT FOR MIXED DIET.

.....  
"Don't turn food-crank because the things you like have risen in price."  
"Don't boycott meat because steaks are expensive. If you do, you may get sick, because your teeth and your digestive apparatus were built for a mixed diet."  
"Eat more canned goods; they are cheaper than ever before."  
"If combinations continue to control the prices of food products the government may be obliged to enact anti-high-profit laws similar to those aimed against usury."  
DR. HARVEY W. WILEY,  
Chief of Bureau of Chemistry.

Washington, Feb. 3. (United Press).—Dr. Wiley's advice to the housekeeper in the present financial crisis brought about in the family purse by the high cost of living, is to abstain from worry and buy everything she has been buying—only so much of it.

"A ten cent soup bone will flavor half a bushel of potatoes" said Dr. Wiley, "and will, if cooked right, taste just as good as a dollar steak. With the addition of an onion, a carrot and a sprig of parsley, that soup bone can be made to produce enough good, nourishing soup for a big family. Then, after the soup is made, save a little of the fluid and boil it down in the kettle with the meat. Then you'll have a 'pot roast' which, if made right, will be fit to set before the president."

"Canned goods of all kinds are cheaper than ever before in our history. Beans and peas have not risen appreciably in price, and make the best food for man. Wheat flour at the price it is now selling is the cheapest food that can be bought, and corn meal hasn't changed in price for the last ten years."

"If the American cook would study the methods of the French cook, who uses up all the 'left overs,' you would not hear so much about the increased cost of living. The average American cook throws away or wastes enough to keep the ordinary French family going. Over there they save every scrap of fat and every crumb of bread, and convert them into appetizing dishes. They know how to make the most out of the cheaper cuts of meat. Over here the average cook turns up his or her nose at the coarser grades of meat and thinks that nothing is fit to eat unless it comes from the neighborhood of the tenderloin."

"Of course a great deal of the added cost in the price of meat products has come about as a result of combinations of dealers. The farmer is not getting much more for his cattle than he did ten or fifteen years ago. The government or the state will have to step in one of these days, if these combinations continue to increase the prices, and enact laws prohibiting dealers from making more than a certain amount of profit."

"This suggestion, of course, will be hailed with cries of 'paternalism.' Well, let it be paternalism, if you please. All government is paternal when you come right down to brass tacks. If the government can enact laws declaring the amount of interest or profit a dealer in money shall make—like the statutes relating to usury—why should it not be justified in setting down the lines for the dealers in the necessities of life? The men who rob the market basket are more criminal than the men who extort money on illegal loans."

"A limit of say fifteen or twenty per cent net profit a year might be set down for the butcher and grocer. The dry goods merchant or the con-

**ITCHING SCALP**  
Easy to Get Rid of By Using Parisian Sage, the Guaranteed Hair Invigorator.

Just as long as you have dandruff your head will itch. It's the little microbes that are gnawing down into the hair roots. It may take a long time for these persistent pests to get down to the vital part, but when they do, they will destroy the life of the hair in a very short time.

If you want to stop itching scalp and drive away dandruff, you must first kill the dandruff germs or microbes.

Parisian Sage will do this. Just get a 50c bottle today; relief will come immediately, and if at the end of two weeks your itching scalp and dandruff have not disappeared, you can have your money back.

Parisian Sage is also a delightful hair tonic, and is used by refined women who desire fascinating, lustrous and luxuriant hair. A large bottle only costs 50 cents at Gilbert's drug store. The girl with the Auburn hair is on every bottle.

tractor who builds houses would be glad to make as much, and, if it worked out for the good of the people in the case of the grocer and butcher, might be extended to include the clothier, the shoe dealer, and all other tradesmen handling the necessary goods of life.

**Don't Be a Faddist.**

"Whatever you do, however, I beg of you not to become a food-faddist. I am therefore opposed to these six months boycotts against meat. The human frame was built for a mixed diet and to cut off meat suddenly is likely to play all kinds of havoc with the system. I have observed that those vegetarians, nut eaters and uncooked-vietual cranks do not live any longer than the average run of us poor meat-eating mortals. I do know that they all look hungry, and whenever I meet one of them I am tempted to invite him into the nearest restaurant to have a good steak—if I happen to have the price."

"What the present situation requires is a little more judgment in buying, a little more judgment in cooking, and less worry over the food trusts."

Dr. Wiley specializes in eggs. He modestly says he's an expert on hen fruit, and the other day dropped little gems of egg wisdom to the members of the house sub-committee on the District of Columbia, during their consideration of the high cost. The doctor appeared before the committee with about a peck of eggs of varying ages and dubious pasts, a bag of salt and a big glass. In the latter he mixed a strong brine solution.

"If you want to know whether the eggs you are buying are 'strictly fresh' have really been laid 'this year,' he explained, 'just take a glass full of full of brine, as I have done, and drop the valuable farm product therein. If it sinks to the bottom of the glass, the egg is fresh and worth the money; if it rises to somewhere near the top of the fluid, it is not as fresh as it should be, and if it floats well out of the water, it is of the sort that are supposed to be hurled at bad actors and isn't worth anything a dozen.'"

The committee was interested immediately, and crowded around the doctor as he proceeded to test the eggs he had brought.

"That's a fine, fresh egg," he observed, as one of the specimens dropped plump to the bottom.

"How do you know it is fresh?" asked Congressman Moore (Rep., Pa.).

"Because one of my inspectors was at the hen house this morning and saw it laid," replied the doctor triumphantly.

## News of Theatres

**At the Star.**  
The last half of the week at the Star theater commences today, the vaudeville bill is headed by the Bon-Air Trio, acrobatic pantomimists, introducing all of the best tricks known to the acrobatic world, accomplishing all kinds of twisting and lofty tumbling, mingled in the gymnastic feats is a vein of comedy which makes the act enjoyable and relieves the monotony which too often accompanies straight acrobatic acts, an original finish, introducing electrical effects of vari-colored lights.

Emmett Martin, a black face artist, if as good as his press notices proclaim him, should keep the audience laughing from the jump.

Mitchell and Willard have a good comedy sketch full of comedy, singing and funny talk. The Nashville Banner gave this act very high praise while they were playing at the Fifth Avenue theater last week.

Mr. Frank Long will give an illustrated song and the moving pictures will consist of a Biography and a Pathe. The admission will be only 10-cents, children five cents. Performances, afternoon 2:30 and 3:30, night 7:30 and 9:00.

## JOKER IS FOUND IN SENATE RULES

AFTER VIGILANT SEARCH ON PART OF MEMBERS.

Rule Committee's "Drag"—Can Advance Any Bill at Any Time, Holding Others Back.

MEN BEHIND THE GUNS

Frankfort, Ky., Feb. 3.—Although it required fully four weeks of vigilant search on the part of members of the general assembly, who do not live in cities and who have not lined up with the whisky crowd in the senate and house, to discover the "real joker" in the senate rules, the discovery has been made in rule 50, paragraph 2, as follows:

"The rules committee is further authorized and shall have the right at any time, to call from any other committee or committees any bill or resolution in their hands and have the same advanced to the reading to which the same may be entitled, and a report or expression of opinion from the committee on rules on any such bill, resolution or measure may be and shall be in lieu of the report of any committee having had under consideration any such bill, resolution or measure."

The senate, therefore, is absolutely in the hands of the senate committee on rules, for the committee has the power to take from any other committee a bill that has been referred to it and report the bill favorably or unfavorably, or without expression. If reported unfavorably, then as paragraph 9 of rule 43:

"When a bill or resolution has been reported to the senate by a committee having come under consideration with an expression of opinion that the same should not pass, then in that event the same shall not be advanced to its third reading unless done by a vote of two-thirds of the members elected to the senate."

Thus it requires a two-thirds vote of the senate, and if taken out of the hands of the committee and not reported, then such action postpones indefinitely further consideration of the bill.

The following were the makers of the senate rules and the men who named the senate committees:

Conn. Linn, president pro tem of senate.  
Thomas A. Combs, chairman of Democratic caucus.  
The members of the committee on rules are:  
Conn. Linn, chairman, Murray, Thomas A. Combs, Lexington, Mark Ryan, Louisville, L. W. Arnett, Covington, G. T. Wyatt, Logan county, Herman Newcomb, Louisville, J. F. Bosworth, Middleboro.

**WOULD DROP DYNAMITE ON TOWN OF MANAGUA.**

New Orleans, La., Feb. 3.—The destruction of Managua with 50 pounds of nitro-glycerine dropped from a dirigible will win the Nicaraguan war for the revolutionists, unless the plans of Harry McGill, the Ohio aviator, miscarry. McGill, who announced today that all arrangements are satisfactorily completed between himself and Estrada for making the McGill "aero squad" tells how it will happen. "It will be a simple matter," said he, "according to my calculations. I know I can carry 50 pounds extra weight with ease, dropping it from the height of 1,000 feet and getting away without being detected. I will do it at night and I don't doubt that it will be the easiest money I have ever earned."

## Free Laxative For Babies

Just as a mother is careful about the food she gives a child, she should be careful about the kind of a laxative she gives it to move its little bowels. Not all remedies for this purpose, no matter how good they may be, are suited to a child.

You should especially avoid pills and tablets and powders, for they are difficult to digest and children find it hard to swallow them. And purgatives and salts and the various waters are too violent for the young. Better give it a gentle though effective laxative like Dr. Caldwell's Syrup Pepsin, which is pleasant to the taste and absolutely does not gripe. A fifty cent or one dollar bottle can be bought of any druggist, and if you give a small dose, as the directions call for, before you put the child to bed, or a small dose before breakfast, you will have a cheerful, happy child in a few hours.

This remedy has been sold for almost a quarter of a century and thousands of families know about it, but if you have never used it, and you would like to make a test of it before buying it in the regular way, send your name and address to the doctor for a free sample bottle. In this way, without expense, many mothers have learned of a way of curing children of the little ills of life, and thereby avoiding the graver diseases.

In the family of Martha Emmer of Yorkville, S. C., and L. S. Bower of Jamestown, Colo., no other laxative but this is used. It is a remedy for all the family, strong enough to be effective on the most robust and mild enough so that women, children and old people, who especially need a gentle laxative, can use it. You will find nothing better for constipation, indigestion, sick headache, sour stomach, flatulency and such troubles, liver and bowel troubles than this Dr. Caldwell's Syrup Pepsin. Let it be your family remedy from today on and we assure you you will have a healthy household.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For a list of the doctors' address is Dr. W. R. Caldwell, R. 607 Caldwell building, Monticello, Ill.

### Easter Will Come Early.

Easter comes exceptionally early this year, in fact it will take place earlier than any year since 1900. The first full moon after March 22, will appear March 25, therefore, Easter which is always the first Sunday after this occurrence will be on March 27. Easter will not be so early again, except in 1913, when it comes on March 23.

It is also observed that in regard to double holidays, 1919 will give us one more than 1909 since Lincoln's birthday comes on Saturday, Memorial as well as Independence day comes on Monday this year, while Christmas falls on Sunday.

Among the other astronomical calculations that set dates other than Easter is the fixing of Ash Wednesday for February 9; Palm Sunday, March 20, and Good Friday, March 23.

## BANKRUPTCY OF MODERN SCIENCE

NONE OF THE OLD ARCHITECTURE DAMAGED BY FLOOD.

Misery Is Still Great and the Work of Relief Must Be Continued for Several Months.

PARIS PAYS TRIBUTE TO U. S.

Paris, Feb. 4.—Several prominent Royalist and Catholic writers delivered broadsides in today's papers against what is termed the bankruptcy of the modern science of engineering, contrasting the stability of the ancient bridges, like the Pont Royal and the Pont Neuf, with the latter day structures, such as the Pont de l'Alma and the Pont des Arts, the safety of which was in doubt throughout the height of the flood. They declare that not a single ancient sewer broke under the pressure of the waters, while the modern labyrinth cracked and gave way in many places.

Frederick Masson, a member of the French Academy, in a bitter article, lays the blame upon the Laicization of France, saying that still in the hour of calamity the only consolation of the country is found in divine faith and charity. He concludes:

"In this total bankruptcy of science, government, police and others who should have foreseen and protected us, the cross alone is triumphant."

### America Is Thanked.

Of the \$120,000 already transferred to Foreign Minister Pinchon by American Ambassador Bacon, \$32,000 has been turned over to the French Red Cross society, in conformity to the wishes of the honors.

The French official expressed thanks for the contributions of America and said:

"The French government and French people alike have been touched by the profound expressions of sympathy and the liberal contributions pouring in from abroad, but none has aroused quite the same sense of gratitude as those from the sister republic across the sea. The misery is still great, and the work of relief must continue for months. See what wreckage has been left even here."

As he spoke, the official pointed from a window to the devastation about the foreign office, the high

## WOPE DAMAGE SUIT WITHDRAWN

INJUNCTION ASKED AGAINST DR. HYDE'S DEPOSITION.

Second Suit for \$800,000 Damages Filed Against Physicians Who Attacked Hyde's Character

NEW MOVE IN SLANDER CASE

Kansas City, Feb. 4.—A legal clash developed in the sensational Wope case today. It came when Frank P. Walsh, attorney for D. B. Hyde, dismissed the slander suit brought recently by the physician against John G. Paxton, executor of the Wope estate, for \$100,000 for alleged slander.

Mr. Walsh's move was made, it was stated, to prevent the opposing attorneys from obtaining the depositions of Dr. Hyde.

Counsel for Mr. Paxton thereupon promptly petitioned the circuit court to restrain Mr. Walsh' attorney from taking deposition in Dr. Hyde's second suit, which was for \$600,000 damages against Mr. Paxton and Mrs. Stewart and Hall. The suits were on account of Hyde's name being connected with the alleged Wope poisoning.

## ORATORS

HIGH SCHOOL CHAMPIONS ARE IN TRAINING.

Abraham Lincoln Seems to Be Popular Personage in Their Eyes.

Chief interest at the High school now centers on the oratorical contests that will be held this morning. In fact the High school orators have cleared and all of the old Roman speakers pushed off the

boards. Next week the primary contest will be held to select a representative for the High school. The number of entries is uncertain, but subjects. Marvin Sills will use "The Pioneer" as a subject for his oration; David Humphreys "Knowledge Is the Chief Factor of Progress"; and Pittman Barth "E Pluribus Unum," and Miss Stella Anderson "Ideas of the Old and New South."

Abraham Lincoln seems to be a favorite theme for the young orators of the High schools that will be represented in the contest for the medal. The Princeton representative has his oration based on "Honest Abe," while Charles Bourland has been selected as the representative of the Madisonville High school, and his subject is "Abraham Lincoln As a Statesman."

### Stenography.

The class in stenography has made an auspicious start. Twenty-five pupils have enrolled for the course and the interest that has been displayed is assurance of its success. Owing to the fact that the High school schedule could not be arranged to have the class at the regular school hours because sophomores, juniors and seniors are in the class the recitations are held early in the morning and after school in the afternoon. The first recitation is held from 8:15 o'clock until 9:50 o'clock, and the second class from 3:45 o'clock until 4:20 o'clock. The students practice on the typewriters when possible during the day.

Miss Mollie Brown Stevenson, teacher of the B4th grade at the Washington school, is ill today. Her room is taught by Mrs. H. L. Donovan.

### Staggers Skeptics.

That a clean, nice, fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. ### Kills Wife and Self

Omaha, Neb., Feb. 4.—Sandie Morrison, prominent in western bowling circles, today shot his wife, her father, J. A. Summer, and himself on the streets here today. It was carefully planned. He had quarreled with his wife and left the hotel. He returned and suggested a conference with a lawyer. The party all were walking to the lawyer's office when he drew a revolver and began firing. Summer tried to prevent him. He and Morrison are dead. It is believed his wife will die.

### FEMININE RAFFLES APPEARS. Operates in Kansas City With Marked Success and Defiance.

Kansas City, Feb. 4.—A feminine "Raffles," with the appearance of a High school girl, has made her debut in Kansas City. She committed a burglary yesterday, and so cleverly did she do it that she was gone several hours before even the occupants of the house knew of the theft.

The girl appeared at the home of Miss Lizzie Evans, and asking for the latter, was told Miss Evans was not at home.

"All right," she said, "I'll just go upstairs and wait for her to return."

At the top of the stairs, William Evans, the girl's father, met the burglar. Again she asked for Miss Evans, and was informed the girl was not at home.

"Let me talk with Mrs. Evans, then," she requested.

Mrs. Evans had been dead for some time. When reminded of this fact, the intruder apologized and said she had forgotten about the death.

Taking it for granted that the caller was a friend of his daughter,

Mr. Evans permitted the "Raffles" to go into Miss Evans' room. When the latter returned home in the evening, her walsis, skirts and numerous toilet articles had also disappeared.

Personally appeared before me this 3rd day of February, 1910, R. D. MacMillan, Business Manager of The Sun, who affirms that the foregoing is a true and correct statement of its circulation for the month of January, to the best of his knowledge and belief.

**Daily Thought.**  
Soberly and with clear eyes believe in your own time and place. There is not, there never has been, a better time or a better place to live in. Only with this belief can you believe in hope.—Phillips Brooks.

Dayless and Hopkins counties will do for an entering wedge in the Second congressional district.

Just because holes were knocked in her knuckles it is not to be understood that the Bettie Owen wanted to strike the piling at Brookport with her fist.

Is it possible that Novelist W. J. Locke achieved his much desired humorty by that divorce case in which he was the unresponsive correspondent?

Miss Dorothy Hester, about whom one naval officer said to another, "You're a d— cur," and the other replied, "What in the h— do you mean," and both wallowed around on the ball room floor, may by a slight stretch of the imagination consider herself the beautiful heroine over whom two gentlemen of the old school fought a duel, and we judge from what we have heard of the case, that she is an imaginative girl.

A bill, providing for an assistant commonwealth's attorney in the First judicial district has been introduced, and now the representative is loud in his protestations that he introduced the measure only by request, and the commonwealth's attorney is just as hot after publicity of his declaration that he never wanted one. Somebody must have wanted the office. Do we hear any denials?

Much indignation is aroused over the fact that thirty-six million eggs have been in cold storage in New Jersey since last March. But if they hadn't been put in cold storage we would have eaten them last summer or thrown them at the vaudeville actors this winter. We ought to be obliged to the Joseph who stored them away in the season when eggs were cheap and plentiful. If the whole thirty-six million are dropped on the market in one day eggs will break.

**THE LOGIC OF SUICIDE.**  
Assuming each man's life to be a game with no partners for the table stakes, in an effort to acquire for himself or his family as much as he can of the visible material wealth of the world, leaving every other man to play the game by himself for the same stakes, regardless of the unequal distribution of blue and white chips on the first deal around, how late stacks the cards or crooked play, what is the logical thing for a man to do, when he fails to draw and his last white chip is in the ante?

A subordinate railroad official in Chicago shot himself, because he had been compelled to accept a position at a smaller salary, and he feared he could not keep up payments on his \$15,000 life insurance policy. It always interests us in human nature to see a man quit the game, when the cards are running against him, and cash in.

Is it cowardice or is it the supreme, though mistaken and inglorious, sacrifice of a soul for love's sake? There is much to be said on both sides. Must

a man when he reaches that stage, have decided that before him "loomed but the horror of the shade"? Must he have become so engrossed with the love of this life that when pleasure palls or the means of gratification is taken away, there is nothing left for him? Or does he, with full appreciation of the consequences of his deed, take the plunge and brave eternity, that those he loves on earth may continue to enjoy the best of earth's goods?

The last theory is scarcely tenable without some relation to the second. Too many people, fortified by strong convictions, have been able to meet adversity with a smile and make a blessing of it for themselves and for others, to permit our adornment of a deliberate suicide with heroic virtues. We may condone or extenuate the deed, and attribute to the doer such merit as he deserves; but that life is wasted for the possessor of it and his neighbors, which is devoted to the mere acquisition of material things.

On the other hand, the "fell grip of circumstance" and the "bludgeonings of chance" may be hardly understood alone; but when a man has a family to consider, he is often sorely tempted for their sakes to do that which on the face of it is cowardly, especially if he is in the beginning enough of a moral coward to care more about what others think he is, than he does about what he himself knows he is.

Our Socialist friends will see in this case the spectacle of a man standing alone among millions of his fellowmen, playing for himself and his family as if there were no other human beings in the world.—indeed, under our competitive system, his fellow creatures assuming shape among the circumstances against which he must fight—and when he falls exhausted, as inevitably ninety-nine in every hundred must, he falls victim to those, who also will fall victim to others. He must needs play the game alone, and if he would win, he must be ruthless, either with others, or, as in this case, with himself.

But the case doesn't fit a condition presaging a French revolution. Here was a man able to carry \$15,000 life insurance. He had a job when he died. Probably he lived up to his income, as most people do. Men, drawing smaller salaries than he did when he shot himself, have saved a home and educated their children. Men in better circumstances than he was at his best, have lost all and adapted themselves to the "sweet uses of adversity."

Pity poor, weak human nature, we must. Pity we have for the fellow who gets a look at life from the wrong angle. Whether he be the trust magnate, seeking to acquire more for his interests; the socialist, who hopes to take it away from the magnate; or the plain, homely man, who strives to give his family "all the advantages"; if he looks too much to himself and too little to his fellowman, if he thinks of his own welfare and not of the others, if he divides the world's goods into two classes—that, which is mine, and that, which is not mine—he has already committed suicide as far as being of any further value in the world is concerned, and wants only the final shove of adversity over the brink into the shade.

There is a lesson for wives in this case; their's in the duty of economizing. Most men, who have grown wealthy by their own energy, realize that, while they made it, their wives saved it. It is when birds and people work in pairs that nests and homes are made the birthplace and the refuge of song. The best things in life are not bought for birds or people, and a cage, gilded though it may be, is a poor substitute for a nest on a bough. We are doing more complaining about high prices than we are thinking about stopping the waste. One man insured his life and shot himself. Let us add this closing tribute to his memory, he did the logical thing when the time came.

## STATE PRESS.

## Likes Beckham.

The Kentucky State Journal is one of the cleanest, as well as the ablest, papers published in Kentucky. Its editor, Gov. J. C. W. Beckham, stands for correct principles, both morally and politically.—Benton Tribune-Democrat.

## The Fresh Air.

The Kentucky senate has adjourned over until next Monday. That's

good. Maybe, when it gets out into the fresh air, it will feel better, if not do better. It surely needs something. If we were its family physician, we could prescribe the proper remedy but alas, to the glory of our reputation, it doesn't like or take our medicine, and when the patient comes to a bad end, no one can blame us.—Kentucky State Journal.

## Republican Success in 1911.

What hope has the Republican party in Kentucky of carrying the election of 1911? Two weeks ago this query was answered by showing that the domination of the state Democracy by the Whallens, of Louisville, will prove so odious to the out-in-the-state voters, that a decided drift toward the Republicans will result, and, in fact already is apparent.

In the legislature any candid observer now sees a cleavage between the Democrats who accept the Whallen mastery, and those who find in them and their lamentable business, a menace to the moral sense of the commonwealth.

But we can come home, right in our own Third district, and find convincing proof of the inevitable split in the ranks of the Democratic party. In the last issue of the Todd County Times, Democratic, published at Elkton, we note:

"We entertain some very serious doubts as to the Democratic party in the state making a success through allying itself with John Whallen. Some things are all right in Louisville that don't sit well on the bucolic stomach."

This is sufficiently strong on its face not to need elaborate analysis. On the other side of the district, we find Editor Richardson, of the Glasgow Times, reprinting J. C. W. Beckham's vigorous editorials against the Democratic machine leaders in the legislature.

"Every Kentuckian should subscribe to the Frankfort State Journal because it is the only paper in the state giving a true account of the doings of the legislature."

Now these two Democratic papers have had the courage of their convictions thus early in the situation. Hundreds of other Democratic editors think as strongly but for one reason or another have not seen fit to speak. They will not swallow Whallenism, but are waiting in hopes that the Democratic majority will act sensibly in the legislature, and that the party leaders will eliminate Whallen of their own accord.

In the Courier-Journal last week a great to-do was made over the fact that Whallen is not opposed to a bill allowing a change in Louisville's school system. What difference did it make what Whallen thought about the bill? Well, it made the difference between success and defeat, because Whallen dominates the Democratic legislative machine.

The whole state has watched with amazement the vicious fight the Democratic senate and house leaders have made against the assignment of the county unit bill to a fair committee. If the machine leaders think it is so vital to stifle the county unit bill in committee they must indeed feel strongly on the subject. Or else, as Editor Richardson exclaims, they are hearing their master's voice.

Every week the situation clears measurably in favor of another Republican state victory in 1911. The high-handed methods of the machine in the legislature are giving the state a taste of what would happen if they should be returned to power in the state offices. The Republicans of every district should prepare for a decisive onslaught in every election, as the chances for success are flattering in the extreme.—Third District Review (Bowling Green.)

## Our Senators.

We take the following editorials from the Mayfield Messenger, who deals with facts relating to our county and in which the people are directly interested:

It seems that all of the senators from this end of the state are very closely allied with the ram interests of the state.

Senator Taylor, who represented the counties of Hickman, Fulton and Graves, is allied against the county unit bill; Senator Eaton, who represents McCracken, Marshall, Ballard and Carlisle, is also against the county unit bill; Senator Linn, who represents Calloway, Livingston, Lyon and Trigg, is also one of the champions against the county unit bill; Senator Catlett, who represents Caldwell, Crittenden and Webster, is also lined up against this measure.

Notwithstanding at least five to one of the constituents of these four senators are heartily in favor of the county unit bill, yet they are not only against it but are on the side of the element which wants to defeat the bill without letting it come to a vote in the senate or in the open. It is strange that these gentlemen will oppose a measure which their constituency so strongly favors.—Arlington Courier.

## Stanley for Governor.

It has been said that Mr. Stanley wanted an endorsement for another term in congress for the effect it would have on the race which he is going to make for governor. He got the endorsement all right, and no doubt several gubernatorial aspirants are wondering already if it really means that he is going to be a candidate for governor.—Owensboro Inquirer.

## THE PUBLIC FORUM.

## More Producers Are Needed.

It will some day be discovered that the real reason for the present crisis in our affairs is caused by the desire of young men and women to get along in the world without producing anything. The country has been depopulated and the cities flooded with young people whose ambition it is to make a living with their brains rather than with their hands. Every city has an army of clerks, salesgirls, salesmen, stenographers, manicures, and what not, who produce absolutely nothing, and not a single penny to the wealth of the community in which they live, and all this vast and rapidly growing army has to be fed and clothed. Year after year the country has yielded a toll of rugged, healthful youth to the city, which has become absolutely non-productive. The demand for food products in the cities fixes the price for the same in the country. That demand has finally exceeded the supply and the farmer is waxing rich.

Wealth comes from the ground. Let our big urban population diminish and get back to the land where men and women can become real producers of something that adds to the wealth of the world. Abundant opportunity exists in all parts of the United States for the adoption of such a course.—Cincinnati Inquirer.

## LURTON HONOR GUEST.

Will Attend Dinner to Be Given By New York Bar.

Washington, Feb. 4.—Justice Horace H. Lurton has been invited as the honor guest of a dinner by the New York state bar in New York city on Feb. 26. It will be his first introduction to the lawyers of the second circuit, to which Justice Peckham has been assigned, consisting of the district of Vermont, Connecticut, Northern New York, Southern New York, Eastern New York, and Western New York. The circuit judges who will sit with him are F. Henry La Combe of New York, Alfred E. Cox of Utica, Henry C. Ward of New York, and Walter C. Noyes of New London, Conn.

Justice Lurton is hard at work, as are the other supreme court justices on cases pending, which they are presumed to look into during the recess to the latter part of this month.

The most important of these cases is the Standard Oil case and the corporation tax case. The latter is set for March 14. It will probably take three days. The Standard Oil case follows, and it is not known how many days that will consume.

## IN METROPOLIS

The concrete block machine recently completed at the foundry here for W. T. Compton has proved to be a success, and Mr. Compton will commence the business of manufacturing concrete blocks at once.

Judge Amos Green, who recently located in our city, has taken a handsome suite of rooms in the Armstrong building and will become a permanent citizen of Metropolis. The judge will be joined later on by his son, C. M. Green, of Mason county, Ky., and the two will practice law under the firm name of Amos Green & Son. Another son, T. A. Green, of Marion, Ill., will locate here later on.

The basket department at the Roberts box factory, which has been closed down since December 24, started up again.

Mrs. T. E. Willis entertained the St. Albans Guild at her home on Third street.

David Ray, who killed a man named Johnson at Jopka three years ago, was given 25 years.

Case of Willis Bell continued until April term.

Case of Marnel Bly, charged with shooting at William Bell, one month in jail and \$60 fine.

James Burns, of McCormack, Pope county, and Miss Froma Benard, of this city, were married in East Metropolis by Judge Liggett.

Scouter and Helm, who represent the Burlington Railroad company, were in the lower part of the city yesterday and obtained the signatures of the property owners on Front street for a right to extend the track along the river front to Quantz's mill. It is reported on good authority that the company will extend the track up the river front as far as Fort Massac. A trestle will be constructed along the river and a stone wall will be built as a protection to it.

C. R. Fickes the engineer in charge of the Burlington work here, returned from Chicago.

There was a dozen or more surveys down on the river front yesterday in consultation, and we may expect to see something doing as soon as the weather is favorable.

Mr. Morris McGlasson is sick at his home on Seventh and Catharine streets.

Otis Parmele is very sick at his home on Johnson street with the measles and pneumonia.

William Mathews, of the Burlington hotel, has been sick several days with the grip.

Mrs. William Parkins is sick with the grip.

H. B. Cosby and wife are rejoicing over the arrival of a little daughter.

Mrs. Martha Mitchell is sick at the home of her daughter, Mrs. James Leach, two miles northeast of the city.—Tribune.

## IN SOCIAL CIRCLES

Former Paducah Boy Wins West Point.

Allen Parker Cowgill, of Lincoln, Nebraska, the eldest son of Dr. W. M. Cowgill and Mrs. Cowgill, formerly of Paducah, has successfully passed the examination for West Point and will report there to enter the academy on March 1. He will visit Paducah en route to New York. The Cowgill family have many friends in Paducah who will be interested in the honor achieved by Allen. Dr. Cowgill belongs to a prominent Hickman, Ky., family. He and his family left Paducah some years ago to make their home in the west.

### Pleasant Euchre Party.

Yesterday was "Ladies' Day" at the Elks club house. A delightful afternoon was spent by some of the younger society folk in the afternoon. It was the regular fortnightly euchre.

Miss Willie Willis won the first prize. The long-hand prize went to Miss Elsie Hodge. Light refreshments were served after the game. Those present were: Misses Marie Cobb, Alma Kopf, Elsie Hodge, Neza Hatfield, Frances Terrell, Hattie Terrell, Marjorie Loving, Rosebud Hobson, Lillie Hobson, Jane Stevenson, Myrtle Decker, Lillie Mae McGathery and Willie Willis; Mesdames David Koger, Paul Province, Andrew Campbell, Charles DeWernher and Harry Singleton.

### Sidney Lanier Afternoon.

In recognition of February 3 as the birthday of Sidney Lanier, the poet and musician, the Literature department of the Woman's Club presented an attractive literary and musical program yesterday afternoon at its open meeting.

Miss Helen Bullitt Lowry, chairman of the department, presided and introduced the program with a brilliant discussion of "The Relation of Poetry to Present Day Life."

Miss Newell, chairman of the Music department, followed with a charming talk on the relation of music and poetry and briefly sketched the cycle of songs by American poets that were to be rendered as program numbers.

"Little Boy Blue," by Eugene Fields, and "There, Little Girl, Don't Cry," by James Whitcomb Riley, were sung with most sympathetic charm by Miss Anna Hill.

"A Lover's Envy," words by Henry Van Dyke, was beautifully sung by Miss Anna Bradshaw.

The third number was Sidney Lanier's "Ballad of the Trees and the Master," exquisitely rendered by Miss Anna Bradshaw, Mrs. S. T. Hubbard, Mr. John U. Robinson and Mr. Robert Scott.

Miss Newell was the artistic accompanist for the singers.

The program concluded with a discussion of Sidney Lanier as man and poet, a paper read by Miss Susan Morton.

### Rembrandt Art Morning.

The Art department of the Woman's club will meet Saturday morning at 10 o'clock at the club house. Rembrandt will be discussed by Mrs. Hubbard Wells, Mrs. Donovan and Mrs. I. O. Walker.

### Woman's Club Meeting.

The Woman's club met in business session Thursday afternoon at 2:30 o'clock in the club auditorium. Mrs. Robert Becker Phillips, presided. In the absence of the president, Mrs. James A. Rudy, from the city. The business was largely routine. Mrs. Edmund P. Noble was unanimously elected to club membership. Mrs. Phillips on behalf of the executive board, presented the club with a charming Japanese print purchased through Miss Nieblack, of Indianapolis, who recently lectured on art here.

The nominating committee for the election of the president and first vice president and recording secretary was appointed. The committee is Mrs. Frank Fisher, chairman, Mrs. R. B. Bradshaw, Mrs. K. Hendrick, Mrs. D. C. Wright and Mrs. W. J. Hill. The election will take place March 3.

Mrs. C. E. Purcell, of an interesting educational work, made an interesting report and read communications from the secretary of the State Medical Association that were put on record.

After the business session the usual informal club tea was served in the library, preceding the open meeting. Mrs. John Quincy Taylor, chairman of Clives, presided at the tea table.

Mayfield Man Marries in Nashville. Misses Georgia May, of Nashville, and Mr. Charles D. Brooks, of Mayfield, Ky., were married at 1:30 o'clock Wednesday at the new auditorium of McKendree church in Nashville, the wedding being the first solemnized there. The pastor of the church, Dr. W. B. Taylor, officiated and the bride was becomingly costumed in a traveling suit. Several friends witnessed the ceremony. Mr. and Mrs. Brooks left the same afternoon for Mayfield. He is a prosperous merchant of that place.

Yopp-Harris. The marriage of Miss Margaret G. Yopp and Mr. Robert P. Harris was solemnized last evening. The ceremony was performed by the Rev. Father Connelly, of the St. Francis de Sales Catholic church, at the home of the priest, on South Sixth street. No invitations were issued as the couple wished to have a quiet wedding. Only a few intimate friends and the relatives witnessed the ceremony.

After the ceremony a delightful

## SISTERLY HOPE OF MRS. CASSADY

She Writes, Telling Her Experience With Cardui, the Woman's Tonic, and How It Cured Her.

Bringinghurst, Ind.—"For three years" writes Mrs. Jennie Cassidy, of Bringinghurst, Ind., "I suffered from womanly weakness.

"I had serious female complaint, and was so bad I could hardly get around, but I took Cardui and it brought me great relief. It cured that awful misery, from which I suffered every month, after I had taken it for only two months.

"I hope all suffering women will try Cardui, as I did, for by doing so they can benefit themselves at home."

You can always depend on Cardui for every bottle contains the ingredients necessary to help you. Prepared in large quantities, according to the very latest methods, from herbs especially imported by the manufacturers, its preparation, from first to last, is under the superintendence of an experienced chemist and graduate physician, who takes every precaution known to science to perfect the finished product.

Ask your druggist. He knows. He will tell you to take Cardui.

NOTE—The Cardui Home treatment for Women, consists of Cardui (11), Theodor's Black-Draught (25c), or Vello (50c), for the liver, and Cardui Antiseptic (50c). These remedies may be taken singly, by themselves, if desired, or three together, as a complete treatment for women's ills. Write to Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, Home Treatment for Women, sent in plain wrapper on request.

luncheon was served at the home of the bride on Jackson street. Mr. and Mrs. Harris left for Louisville, Nashville and other points. They will stop for a few days at Dixon, Tenn., to visit the bridegroom's brother.

Mrs. Harris is the daughter of Mr. Andy Yopp, of 1222 Jackson street, and Mr. Harris is a popular Illinois Central engineer.

### Kalasophic Club.

The Kalasophic club met in regular weekly session at the Woman's club house at 10 o'clock this morning. The program was a most interesting discussion as follows:

1. La Duchesse de Chevreuse — Mrs. Andrew Campbell.  
2. Mademoiselle de Hauteport — Mrs. Harry Singleton.

3. Louise de Lafayette — Miss Elizabeth Sinnott.  
4. Current Events — Miss Mary Scott.

### D. A. R. Chapter.

Mrs. Sallie Morrow and daughter, Mrs. Emily Morrow, are the hostesses of the Paducah chapter, Daughters of the American Revolution, this afternoon at their home, 533 Jefferson street. A delightful "Washington Day" program is the feature of the afternoon.

### Entre Nous Club.

Miss Frances Terrell is hostess of the Entre Nous club at bridge this afternoon at her home, 516 Kentucky avenue.

### Dance by Elks.

night from eastern Kentucky, where he has been on business.

Mrs. H. D. Rutter and Miss Fannie Rutter returned to Hardin today after a visit to Mr. and Mrs. J. H. Rutter, 419 North Sixth street.

Mrs. Mae O'Brien, of Galveston, Tex., who has been visiting the family of H. E. Thompson, on Madison street, will leave tomorrow for Chicago and New York. She will be accompanied by Mrs. L. E. Grardley.

### Charge Unjust Rates.

Washington, Feb. 4.—A complaint was filed with the interstate commerce commission by the Laredo (Texas) board of trade against several railroads, alleging that unjust discriminatory rates on general freight were charged against the merchants and manufacturers of Laredo, if the complainants' contention is upheld it probably will mean the readjustment of all the freight rates to Texas points from the north and east.

### Probe for Midshipmen.

Annapolis, Md., Feb. 4.—A bill designed to strengthen the existing laws prohibiting the sale here of liquors to midshipmen of the naval academy was introduced in the legislature today. The measure makes the proprietor of the place responsible for the sale of intoxicants to midshipmen, no matter whether sold directly by a waiter, barkeeper or by himself.

ZELAYA OFF TO BELGIUM.  
Shouts Long Life to Working Classes as He Leaves.

Mexico City, Feb. 4.—A delayed telegram to Mexico City announces that Jose Santos Zelaya, who went to Vera Cruz Sunday night, sailed Tuesday evening for Belgium. His ticket read to Vigo, Spain, and he is aboard the German steamer Alemania. The telegram said that Zelaya was sullen of face and uncommunicative while in Vera Cruz. From the deck of the steamer he shouted:

"Long live the working classes; long live the hospitality of the Mexican nation!" in response to cries of "viva Zelaya!" from a crowd of laboring people along the docks.

URGENT OPENING WATER POWER.  
Sites Withdrawn by Ballinger Ought to Be Opened, Says Westerner.

Washington, Feb. 4.—J. J. Brown of Spokane, Wash., a representative of the Western Conservation league, had an interview with President Taft in which he urged the early opening of water power sites which have been withdrawn by Secretary Ballinger and his predecessors in the interior department. Mr. Brown argued that the use of the water would materially tend to conserve the timber and soil of the country which was now being used to create power.

President Taft had indicated that he was anxious at this session to have the law validating withdrawals of water power sites passed, saying that the laws as to the disposition of the sites could wait if necessary.

SALT LAKE OVERFLOWING.  
Rise Unprecedented Threatens to Flood Trains.

Salt Lake City, Utah, Feb. 4.—Word has been received from Ogden that the Great Salt Lake, which was said six years ago to be disappearing, is dashing over the western end of the Southern Pacific Lucin cut-off and threatening trains. The lake is now higher than at any time within the memory of white men. The west end of the cut-off being six feet lower than the rest of the causeway, is the chief danger point. If the lake continues to rise it will be necessary to elevate most of the piling and in the meantime to send trains around by the old promontory route.

When the Lucin cut-off was constructed, the track was 20 feet above the water level.

Scientists say that the lake rises and recedes in cycles and that the recession will soon begin.

#### Insuring His Honesty.

A shrewd old Vermont farmer came into a lawyer's office the other day, and proceeded to relate the circumstances in a matter about which he thought it would be profitable to "go to law."  
"You think I've got a good case?" he finally asked.  
"Very good, indeed!" the lawyer assured him. "You should certainly bring suit."  
"What would your fee be for the whole thing?" the old farmer asked.  
"Fifty dollars," was the prompt response.  
The client pulled out an old wallet, extracted a roll of bills, and counted out fifty dollars.  
"Now," he said, "you've got all you would get out of this case any-how, so s'pose you tell me honestly just what you think of my chances of winning a suit are?"—The Green Bag.

## COLONIAL HOTEL

A delightful place to spend your vacation is at the Colonial Hotel, West Baden Springs, Indiana.  
Most every one knows of the marvelous cures with the West Baden and French Lick Springs mineral waters, where thousands have been cured. The Medical Staff of the Colonial Hotel Laboratories have extracted the minerals from the water of Salt-Lithia Spring at West Baden, to be taken at home which reproduces the West Baden and French Lick treatment.

## Taft APPROVES REVISED PROGRAM

MEASURES HE WANTS CONGRESS  
TO ENACT.

"Insurgents" in Line to Help Push  
Some of the Measures, and War  
Will Not Interfere.

#### WHAT THE BILLS PROVIDE.

Washington, Feb. 3.—The admin-  
istration program, revised by the lead-  
ers of the senate and house and  
given the stamp of white house ap-  
proval, comprises the following leg-  
islation:

Statehood for Arizona and New  
Mexico in the form of a new senate  
bill, which provides for the ratifica-  
tion by congress of the constitution  
of the new states after the approval  
by the president.  
Postal savings banks, with safe-  
guards against funds being transfer-  
red from the sections where they are  
originally deposited to money cen-  
ters.  
Authorizing the president to with-  
draw from every public lands desired  
for conservation purposes and for  
classification.  
Federal incorporation, open to vol-  
untary application of concerns en-  
gaged in interstate business, and will-  
ing to subscribe to the federal regu-  
lation.  
Creating a court of commerce and  
amending the interstate commerce  
act.  
Creating a legislative council for  
Alaska.

All the measures are designated to  
be enacted if the influence of Taft  
and the leaders in charge of the ma-  
chinery of the senate and house are  
powerful enough to carry the pro-  
gram through. There is no indication  
of a division of Republicans along  
"insurgent" and "regular" lines, al-  
though individuals in both factions  
may oppose some features of the  
bills.

Later other measures may be add-  
ed which are now deemed secondary.  
Taft is inclined to come out strongly  
for the ship subsidy, and may urge a  
bill providing for certificates of in-  
debtedness to the amount of \$20,000  
000 to raise money for reclamation  
work.  
The Republican members of the  
senate committee on finance had a  
meeting today in advance of the reg-  
ular session. Aldrich talked plainly  
about the party situation by reason  
of the opposition to certain platform  
pledges, endorsed unequivocally by  
Taft since he has assumed the presi-  
dency.

## 36,000,000 EGGS

IN THE COLD STORAGE NOW IN  
JERSEY CITY.

Alleged Conspiracy to Raise the  
Price of Poultry and Produce  
Charged.

New York, Feb. 3.—There are 36-  
000,000 eggs in one cold storage  
warehouse in Jersey City, according  
to information given to the grand  
jury in the investigation of packing  
and other concerns maintaining ex-  
tensive warehouses on the New Jer-  
sey side of the Hudson. The eggs  
have been there since last March. It  
was learned, with 100,000 pounds of  
poultry stored since last April.  
The managers of the Union Ter-  
minal Cold Storage company and off-  
icers of other refrigerating companies  
are summoned before the grand jury  
Friday.

If a conspiracy to raise prices is  
shown, indictments are likely to be  
returned against those responsible  
for holding meat, eggs and other  
foodstuffs in storage.

#### Young Men in the Commons.

In connection with the question  
which has arisen as to who is the  
youngest candidate at the present  
election, it may be recalled that in  
1613 there were no fewer than forty  
gentlemen not more than 40, and  
some not exceeding 16, who had  
seats in the house of commons. Hat-  
tess in his "precedents" remarks  
that the poet Waller, among others,  
sat in parliament (1622) before he  
was 17 years of age. A statute of  
William III makes void the election  
of any person who is not 21 years of  
age, but members under age have  
been occasionally admitted, notwith-  
standing the provisions of this act.  
Charles James Fox was returned and  
sat at the age of 19, but Chesterfield  
under similar circumstances, received  
from the ministry of the day, whom  
he had attacked, a hint that he must  
withdraw.—Westminster Gazette.

One is not necessarily en route to  
glory because he has turned his  
back on other sinners.

## BIG INCREASE IN FARM PRODUCTS

PRESENT PRODUCTION WILL BE  
DOUBLED.

Scientific Methods Used—People of  
Kansas Not Worried About the  
High Cost of Living.

#### WILL CHARGE AS THEY PLEASE

Chicago, Feb. 3.—A doubling of  
the present production of farm  
staples is in sight, according to Prof.  
B. C. Buffum, of Worland, Wyo., who  
is a pioneer in the science of seed  
breeding.

"We already have practically  
doubled the yield of corn by selec-  
tion and plant breeding," said Prof.  
Buffum yesterday, "but we need not  
stop with corn as we can deal with  
all other crops in a similar way. The  
reason that this has not been done  
earlier is that plant breeding has  
been utilized heretofore mainly for  
the production of curiosities. Men  
who brought out anything new were  
called 'wizards.' Few saw any prac-  
tical value in what was being done.  
Much was accomplished in an esthet-  
ic way with reference to improve-  
ments of flowers, but the great farm  
crops were neglected.

"As Mark Twain said in 'Pudden-  
head Wilson': 'Training is every-  
thing. The peach was once a bitter  
almond and cauliflower is nothing  
but cabbage with a college educa-  
tion.' Plant breeding supplies this  
'college education' to the plebeians  
of the vegetable world, and there-  
fore by increasing crop yields, prom-  
ises more than anything else with  
reference to a growth of the world's  
permanent wealth."

#### Kansas Farmers Happy.

Chicago, Feb. 3.—"The cost of  
living, is a secondary consideration  
to the people of Kansas," said Fos-  
ter Dwight Coburn, secretary of the  
Kansas state board of agriculture,  
yesterday.

"Guess we'll have to plead guilty  
to the charge of doing pretty well,"  
said Mr. Coburn. "But I don't see  
that the farmer is responsible for the  
high prices on necessities. I know  
if working early and late makes him  
deserve the prices he gets for his  
products that he deserves them, and  
if you are willing to pay 60 cents for  
corn he would be a chump to sell it  
for 30 cents.

"There must be some blame some-  
where for the high cost of living.  
But the farmer has never set the  
price on one of his products. He  
brings his steers to market and takes  
what is offered him. If he don't do  
this he must take his cattle home  
again, and that means bankruptcy."  
"Out our way we're not worrying  
about it. We ride around in auto-  
mobiles, and within the last week a  
farmer in the wheat belt paid \$7-  
000 for an airship. But we're not  
crowding out the horses at that.  
Horses were never such good prop-  
erty nor so highly esteemed as at  
present."

#### GRAY HAIRS BANISHED.

The old idea of using sage for  
darkening the hair is again coming  
in vogue. Our grandmothers used  
to make a "sage tea" and apply it  
to their hair. The tea made their  
hair soft and glossy and gradually  
restored the natural color. One ob-  
jection to using such a preparation  
was the trouble of making it, espe-  
cially as it had to be made every two  
or three days on account of it sour-  
ing quickly. This objection has been  
overcome and by asking almost any  
first-class druggist for Wyeth's Sage  
and Sulphur the public can get a  
superior preparation of sage, with  
the admixture of sulphur, another  
valuable remedy for hair and scalp  
troubles. Daily use of this prepara-  
tion will not only quickly restore  
the color of the hair but will also  
stop the hair from falling out and  
make it grow. It is sold by all drug-  
gists for 50c and \$1.00 a bottle, or  
is sent direct by the Wyeth Chemical  
company, 74 Cortlandt St., New  
York City, upon receipt of price.

## CHATEAU BROUGHT SOCIAL PRESTIGE

BUYING CHATEAU DE NAILLY  
MARKED ANNA'S ARRIVAL.

Boni Planned to Spend an Equal  
Amount More Improving the  
Estate.

### ANNA GOULD DEBT EXPLAINED

Paris, Feb. 4.—The amount testified to in New York as being owed by Anna Gould, the Princess de Sagan, to the Duchess de Nailly is the balance due on the purchase price of the Chateau Marais, a historic country place near Cherbourg. It was bought from the duchess by Anna Gould, then the Countess de Castellane, in 1899. It is said that the balance due on the property is 1,750,000 francs, or \$350,000, with something additional for famous old furniture bought with the chateau. This was protected by mortgage.

In Paris it is understood that Count Boni de Castellane, who is now in New York, has paid out for Anna Gould, since 1901, when American cable cuts of the creditors were instituted and the trusteeship under which the statement filed in New York was made, some 20,000,000 francs, or \$4,000,000. This amount, it is believed, paid the creditors all the principal, leaving now only the accumulated interest to be paid. This, of course, is very large.

Aside from what the Count de Castellane has done to financially rehabilitate the American princess, the Prince de Sagan is proving a surprise as a business man. He is applying urgent business methods in the management of his wife's income, paying off his indebtedness in installments and saving money, besides keeping up expensive establishments due to the mode of living necessitated by the extravagant ideas originated by the Count de Castellane.

Not until she had purchased the Chateau Marais from the Duchess de Nailly did Anna Gould's brilliant social career in Paris begin. With this historic old palace in her possession, she had "arrived," as the French say. Although the purchase price was only \$350,000, the little American princess' first husband, the spendthrift Count Boni de Castellane, planned immediately to spend twice that much in refurbishing the chateau, extending and beautifying its parts. The purchase was made in 1899. It was a year before the place was even partially put in shape to entertain as its new owners desired. The proud old Duchess de Nailly was definitely gratified at finding a purchaser for the chateau. Although it had been in her family for a century or more, it had become a chain upon her resources. She showed her gratitude to the ambitious but then unhappy American woman by showering social honors upon her, and introduced her into the Faubourg St. Germain, the most exclusive and aristocratic set of Paris.

Soon after the Castellanes began to occupy the chateau they gave one of the most splendid entertainments of their remarkable career. A brother of the czar of Russia, accompanied by several grand dukes, was the guest of honor. The splendor of the fete, extending over two weeks, dazzled the world's eyes and captivated from which the castle is situated only an hour's ride. During these fetes the cream of Paris society gravitated to the Chateau Marais. This was in 1900. After that Anna Gould was a member in full standing of the most exclusive social circles in France. She has maintained her position ever since, in spite of the many troubles and humiliations that followed her first marriage.

### HIGH SCHOOL TEAM REPEATS ELKS' TEAM.

Indians and Independents Play Exhibition Game at the Gymnasium.

Teams.	W.	L.	Pct.
C. C. & W.	4	0	.1000
High School	3	1	.750
D. A. D.	3	1	.750
Elks	2	2	.500
L. & P.	2	2	.500
Indians	0	4	.000

Only one league game was played last night. The High school quintet defeated the Elks by a score of 18-12 after a fast and strenuously fought game. Towards the close the Elks appeared stronger and threatened to tie the score, but the time was too short. An exhibition game was played between the Indians and an independent team, the Indians being defeated by a score of 10-6.

The game between the High school and the Elks was interesting because it was a fight for second place. In the first half it was High school's inning all the way and at the close the score stood 10-2 in favor of the students. At the beginning of the second half the splendid team work of the school lads resulted in the score being piled up to 18. Cox was changed from forward to center, and

the Elks began to work up their score. The purple and white crept up rapidly until at the close of the half the Elks were defeated by only five points. King, High school's center, was out of the game owing to illness and Ellis, a guard, played.

The teams lined up:  
High School—Slits, center; Browning and Ogilvie, forwards; Endress and Craig, guards.

Elks—Johnson and Cox, center; Sutton, Cox and Johnson, forwards; Hennelberger and Martin, guards.

Indians—Truheart, center; Hatfield and Luftenberg, forwards; G. Shelton and Terrell, guards.

Independents—Cochran, center; M. Mitchell and I. Browning, guards; R. Elliott and J. Shelton, guards.

## SECOND DISTRICT

### NOMINATION FOR CONGRESS IN PRIMARY.

Stanley Gets 4,900 More Votes Than  
Two Opponents—Remarkable  
Race.

Owensboro, Ky., Feb. 4.—For the Democratic congressional primary, held in the second district, returns that are almost complete show that out of the 16,168 votes cast Mr. Stanley received 10,192. Given received 3,979, and Clements 2,897.

The tabulated vote by counties is as follows:

Davless—Stanley, 1,623; Clements 1,981; Given, 192.  
McLean—Stanley, 1,053; Clements 40; Given, 58.  
Hancock—Stanley, 417; Clements, 191; Given, 31.  
Christian—Stanley, 1,178; Clements, 129; Given, 345.  
Henderson—Stanley, 1,938; Clements, 233; Given, 515.  
Union—Stanley, 1,350; Clements, 240; Given, 167.  
Webster—Stanley, 1,465; Clements, 60; Given, 415.  
Hopkins—Stanley, 1,168; Clements, 198; Given, 1,356.  
Total—Stanley, 10,192; Clements, 2,897; Given, 3,979.

Stanley carried six out of the eight counties of the district. It is claimed that neither Clements nor Given carried a precinct outside of their own counties. Clements carried Davless county by 385 majority and Given carried Hopkins county by 188 majority. Stanley carried Davless county outside of the city of Owensboro by a majority of 181.
